

Loadmaster Extreme - Setting up for TPN Live

Loadmaster can work in both Live and Legacy mode.

Instructions for TPN Depots moving onto TPN Live/Connect

1. Ensure you are on the latest version of Loadmaster Extreme
2. Ensure you have set up an account for TPN and place this on the TPN Hub Account field in Global Parameters
3. Go into Local Parameters and the TPN tab (on every computer)
4. Enter your username and password for TPN Live.
5. Tick the appropriate radio button for your Hub, either UK or Ireland.

You are now running TPN! Easy!
